

## AI Defense Forum 2024 Convenes Defense and Intelligence Leaders on the Future of Enterprise AI for Federal

August 20, 2024

*Third annual C3 AI event spotlights unlocking the insight advantage with Enterprise AI and transforming the intelligence community with generative AI*

REDWOOD CITY, Calif.--(BUSINESS WIRE)--Aug. 20, 2024-- [C3 AI](#) (NYSE: AI), the Enterprise AI application software company, today announced the annual [AI Defense Forum](#) will take place on Tuesday, September 10 in Tysons, Virginia.

The 2024 AI Defense Forum brings together military and civilian leaders, technologists, and policymakers to address opportunities for how enterprise AI can modernize defense applications and complex enterprise challenges, while strengthening national security with a vision for a U.S. AI strategy.

"The U.S. defense and intelligence community's ability to maintain and advance insight advantage, which ultimately bolsters national security, hinges on the successful adoption of AI," said Thomas M. Siebel, Chairman and CEO, C3 AI. "C3 AI's deep domain experience in defense and intelligence, along with our years of work alongside the U.S. Department of Defense, uniquely positions us to support the U.S. and allied nations in the safe, secure and responsible use of enterprise AI."

This year's keynotes and panels will focus on significant opportunities and challenges facing leaders as they navigate harnessing Enterprise AI's impact for the defense and intelligence landscape: accelerating the insight advantage with generative AI; applying safe and effective AI practices in high-impact environments; and implementing an innovative, long-term, and strategic vision for U.S. AI programs. At this year's forum, professionals can discover mission-ready solutions and learn from those experts implementing them.

Featured speakers include:

- Thomas M. Siebel, Chairman and CEO, C3 AI
- Dr. Will Roper, Former Assistant Secretary of the U.S. Air Force for Acquisition, Technology, and Logistics, and CEO, Istari Digital
- Ed Abbo, Executive Vice President and Chief Technology Officer, C3 AI
- Dr. Nikhil Krishnan, Senior Vice President and Chief Technology Officer, Data Science, C3 AI
- General (Ret.) John Hyten, Former Vice Chairman of the Joint Chiefs of Staff
- Lieutenant General (Ret.) Dennis Crall, U.S. Marine Corps
- Lieutenant General (Ret.) David Bassett, Former Director of Defense Contract Management Agency
- Peter Verga, Former Special Advisor to the Undersecretary of Defense for Intelligence and Security
- Marie Falkowski, Deputy Chief Data Officer for IC and Deputy Assistant Director, Data and Partnerships, Office of the Director for National Intelligence
